- Further criteria were established to help guide jury decisions:

 - Provides equitable access to infrastructure
 - "Bang for buck"
 - Project should have scope for long term impact

THE PROPOSALS

- There are 8 recommended proposals
 - There are also a number of other suggestions of significance for council consideration independently of the Citizens Jury.
- To ensure these proposals meet with our criteria, the jurors have provided a maximum value for each project.
 - The jury recognise that these are estimates which will require suitable due diligence.
- Remaining funds are to be allocated to the Community Gardens proposal.
 - This also applies to any projects cancelled the funding should be re-directed to the Community Gardens proposal.
